Gear Up & Support Local Childhood Cancer Research

On behalf of **Greehey Children's Cancer Research Institute - UT Health San Antonio**, We want to express our sincere gratitude for your interest in supporting the **4th Annual Gear Up Against Kids Cancer** bike ride. Your commitment will help advance our mission to translate groundbreaking childhood cancer research into more effective and less toxic treatments for this life-altering disease.

As cyclists from all around prepare to gather at the Floresville Event Center on **May 3, 2024**, we invite you to join us in making a difference. Participants will have the option to ride **28, 40, or 60 miles**, and we ask you to consider becoming a platinum, gold, or silver level sponsor of this impactful community event.

Your sponsorship provides critical financial support and amplifies community engagement around a shared goal: **combating pediatric cancer**. Best of all, **100% of the funds** raised will remain local, directly supporting the Greehey Children's Cancer Research Institute at UT Health San Antonio. This means your support will have a **direct and significant impact** on our local community, helping to improve survival rates and quality of life for young patients.

Please review the rest of this prospectus for the complete list of benefits at each sponsorship level. If you have any questions or need further information, please contact me directly.

We truly believe that, **"when fighting cancer, NO KID rides alone,"** and your interest in supporting the 4th Annual Gear Up Against Kids Cancer bike ride is deeply appreciated.

Sincerely,

Brian Phillips, BA
